

Cobra Software Group—when saving time and money is critical to your success.

Cobra SmartCards, instead of cash or check payouts to released residents, are secure debit cards that can be used at ATMs and retail stores. Most released inmates like SmartCards because they provide 24/7 access to funds without the difficulty and cost of cashing a check. Some don't like SmartCards because they deprive them of their opportunity to commit fraud. Too bad.

With a Cobra SmartCard, released inmates have 24/7 access to their funds – but they don't have your checking account number or a physical check that could be altered.

### *SmartCards remove the cost and hassles of writing checks*

Besides significantly reducing fraud, SmartCards also eliminate the cost and inconvenience of paper checks. That includes the time your staff spends issuing checks, reconciling checking accounts, and dealing with the book-keeping hassles of uncashed checks. Moreover, once you issue a SmartCard, your financial liability to the inmate ends.

### *Mistake-proof disbursements at every release*

Cobra SmartCards are more precise than check writing because there's virtually no opportunity for clerical mistakes. Instead of manually keying or writing the check

# Cobra SmartCards™

*Eliminate check fraud and streamline your resident release payout process*

## *Cobra SmartCards Inmate Release Payout Program*

- ✓ **A secure release method that eliminates fraud attributable to checks and checking accounts**
- ✓ **Removes the cost of writing checks and the time your staff spends reconciling accounts and managing traditional disbursements**
- ✓ **Integrates with Cobra Banker software**
- ✓ **Automatic communication from Cobra Banker to the card provider – CSG does the rest!**
- ✓ **Inmates have 24/7 access to funds**

amount, your staff simply transfers the correct amount to the card from the inmate's record in Cobra Banker® inmate banking software. In fact, all communication from your facility to the card provider goes through Cobra Banker, eliminating multiple entry mistakes and saving staff time.

Cobra SmartCards are as good as cash to released inmates, but eliminate the hassles of issuing checks and reconciling checking accounts.

### *Proven performance from CSG*
